

COMPANY PROFILE

United Wall Systems, Inc. is an interior and exterior specialty contractor founded in 2008 by Curtis Yoder and Stephen Farrier, both of whom have owned and/or operated Central Florida commercial drywall construction firms with annual revenues exceeding \$12 million in Central Florida for the past 15 years.

The company's scope of work includes metal stud framing and trusses, drywall and finishing, insulation, acoustical ceilings and wall panels, and stucco/EIFS. Our representative work history includes office buildings, healthcare, retail, hotel/motel, mixed use residential, government and institution, and religious projects. Representative project values range between \$10 thousand and \$2 million.
